Who we are

As Durmaz Vida, a manufacturer of custom and standard fasteners, our journey spans nearly three decades, a testament to our unwavering commitment to trust and quality in every product we create. Since 1994, we are not just a manufacturer; we are a partner in the quality of your products and the reliability of your brand.

Customized Excellence

One of our distinguishing features is our boutique production approach. We understand that one size does not fit all, and that's why we specialize in crafting customized products tailored to your unique needs. Our strong commitment to quality enable us to create products that are not only reliable but also designed to meet your exact specifications.

Diverse Specializations

Our commitment to quality extends to a diverse range of sectors. From white appliances to small electronic household products, cooking utensils, electronic products, plug socket products, and beyond, we have been trusted partners in delivering excellence across a broad spectrum of industries.

Growth with Engineering

In 2015, we expanded our production area to 1000 square meters, a reflection of our dedication to growth and innovation. In 2017, we revised and upgraded our Quality Laboratory to ensure that our products consistently meet and exceed your expectations. We understand that our people are at the heart of our success, and we invest in their professional development.

Our promise

On-Time Delivery Assurance

At Durmaz Vida, we understand the importance of time in your operations. We promise to deliver your custom and standard fasteners with precision and reliability. Our commitment to on-time delivery is unwavering, ensuring that your production schedules remain uninterrupted.

Tailor-Made Production Excellence

We promise to be your partner in customization. Our boutique production approach means that we'll work closely with you to craft fasteners that align perfectly with your unique requirements. Expect excellence in design and manufacturing that is tailored to meet your exact specifications.

Quality Guarantee

Quality is the foundation of our brand. We promise to uphold the highest standards in every product we create. Our commitment to quality extends from raw materials to the final product, ensuring that you receive fasteners that are not only reliable but exceed industry standards.

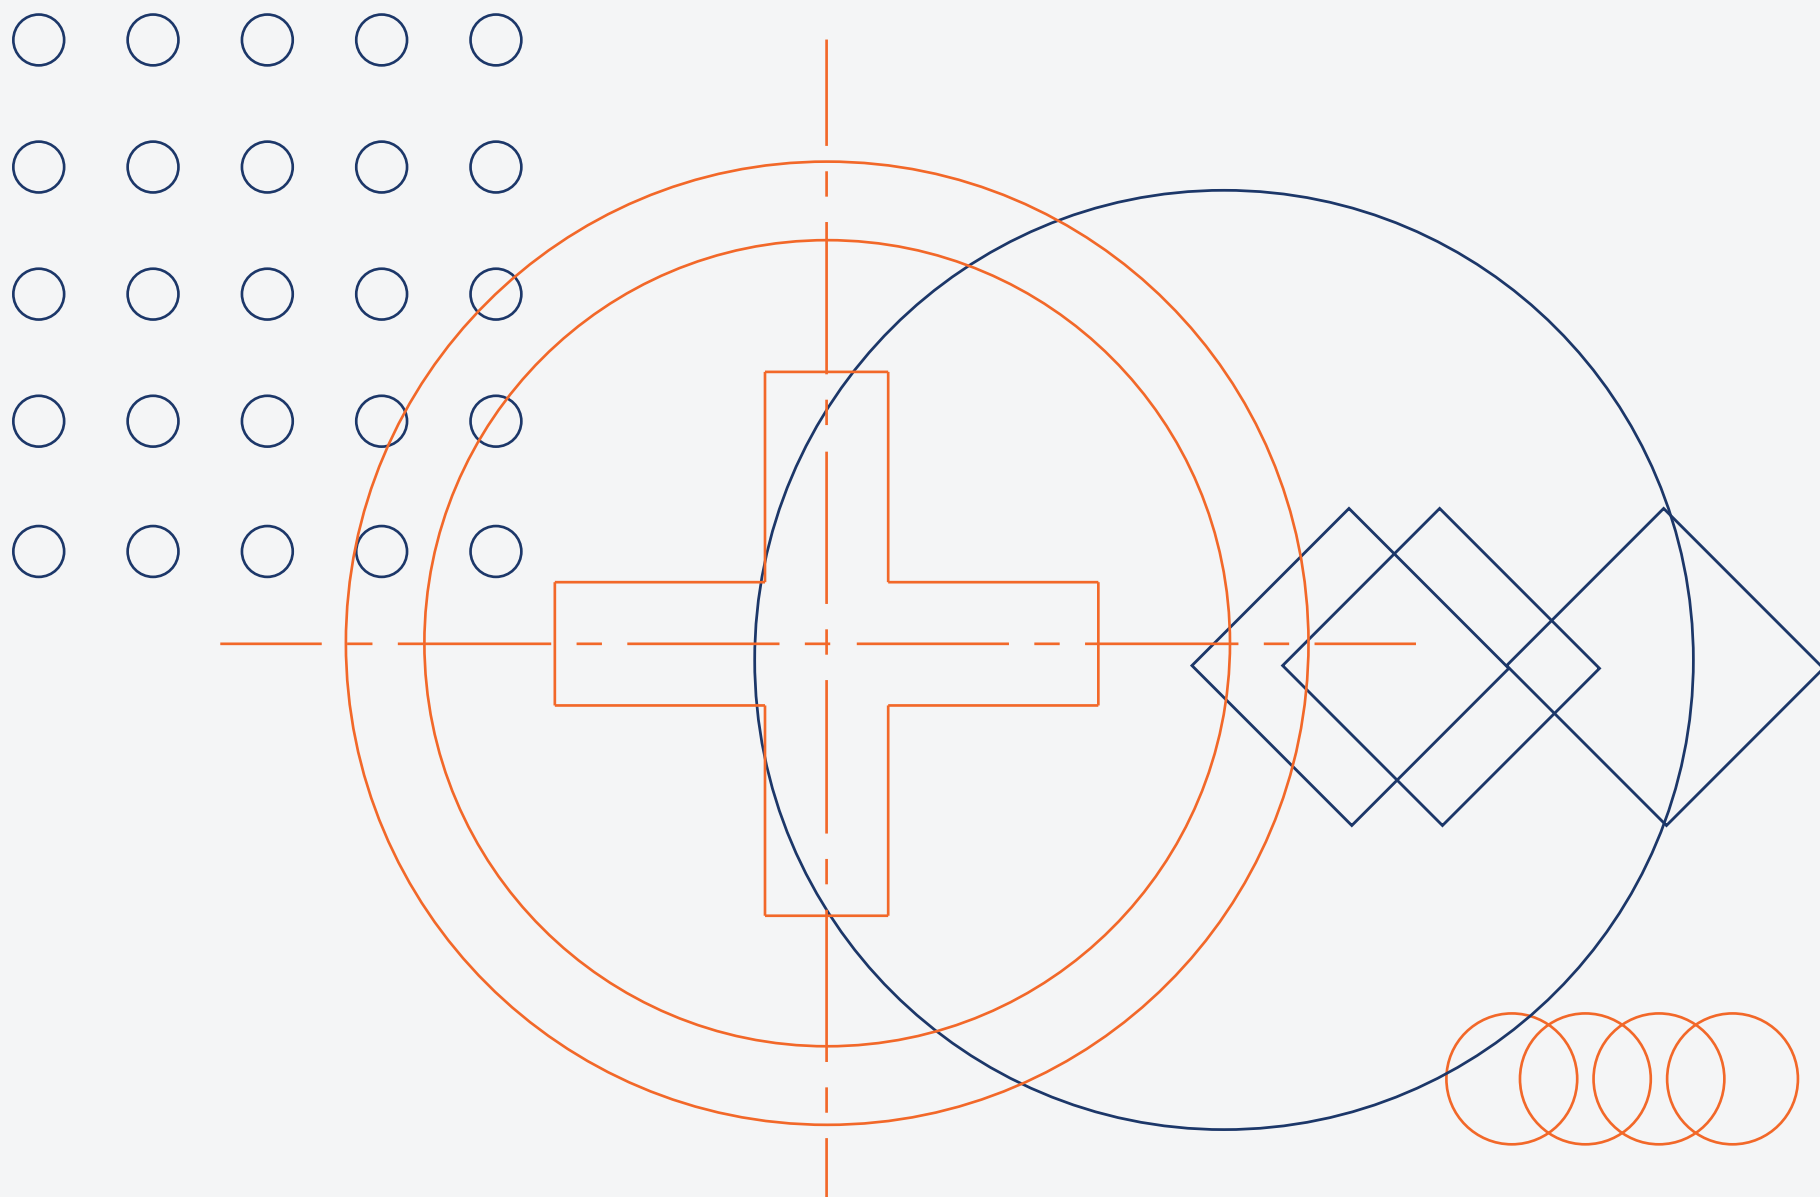

Engineering Consultancy

Your success is our priority. We promise to provide you with expert engineering consultancy throughout your journey with us. Our experienced team is here to offer insights, advice, and solutions to optimize your fastener requirements and enhance your products.

Worldwide Delivery

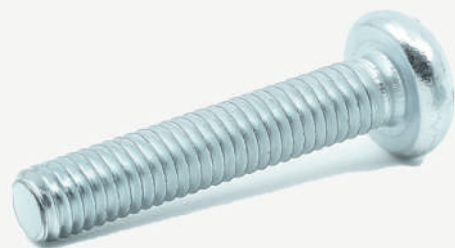

Our reach knows no bounds. We promise to deliver your fasteners wherever you are in the world. With our extensive network and logistics expertise, we ensure that your products are safely and promptly delivered to your doorstep, no matter where that may be.
